

Understanding this report

Standards referenced assessment is used in NSW schools. This means your child's performance is compared to a set of standards, not to other students. The table below shows the achievement scale used to report your child's achievement at this point in their learning. A variety of assessment opportunities were used to gather information about their learning this semester.

You may request the school to provide you with written information that clearly shows your child's achievement compared to his or her peer group at school. This information will show you the number of children in the group in each of the achievement levels.
