Date of conviction	20 August 2020

### Proven offence:

The service provides before and after school care to a maximum of 140 school aged children.

The service premises is situated within the grounds of Stanmore Public School. There are three gates that can be used as an entry or exit point to the premises, although only one of these gates (on Cavendish Street) is considered to be the designated entry and exit to the service premises.

On 27 September 2018, at around 3:06pm, a nine-year-old child was signed in to care at the service. Between 3:06pm and 3:17pm, the child left the service premises, unbeknownst to staff, and walked across Holt Street to the IGA at Stanmore Plaza. The child returned to the service.

At around 3:17pm, an educator had a conversation with the child, who stated that, after being signed in, he went to the IGA to buy lollies.

No head count or roll call was conducted between the 3:00pm roll call and the 6:00pm check of child attendance records.

Inner West Council:

- failed to ensure children being educated and cared for were supervised at all times, in that it:

- failed to ensure the child was monitored by staff at the service at all times;
- failed to implement an adequate supervision plan for the entry and exits to the service in circumstances where the gates on the premises were left open; and
- failed to have in place and enforce a system to ensure that staff knew where each child was at all times.
