

NSW Department of Education

Welcome to the

# Flexible Initiatives Trial Grant writing workshop

# Acknowledgement of Country

# Welcome

Presenters:

Caitlin Anear, Manager Flexible Initiatives Trial

Irene Vella, Raj Kulkarni, Denisse Schweinsberg - Flexible Initiatives Trial team

# Today's session

Topic	Activity Type	Location
Ground rules	Information sharing	Main room
Motivation and outcomes	Group activity	Menti
Grant writing process	Information sharing	Main room
Phase 1: Learning	Information sharing	Main room
Phase 2: Thinking	Group activity	Menti
Phase 3: Planning	Group activity	Breakout room
Phase 4: Applying	Information sharing	Main room
Questions	Group activity	Main room

# Ground rules

Probity

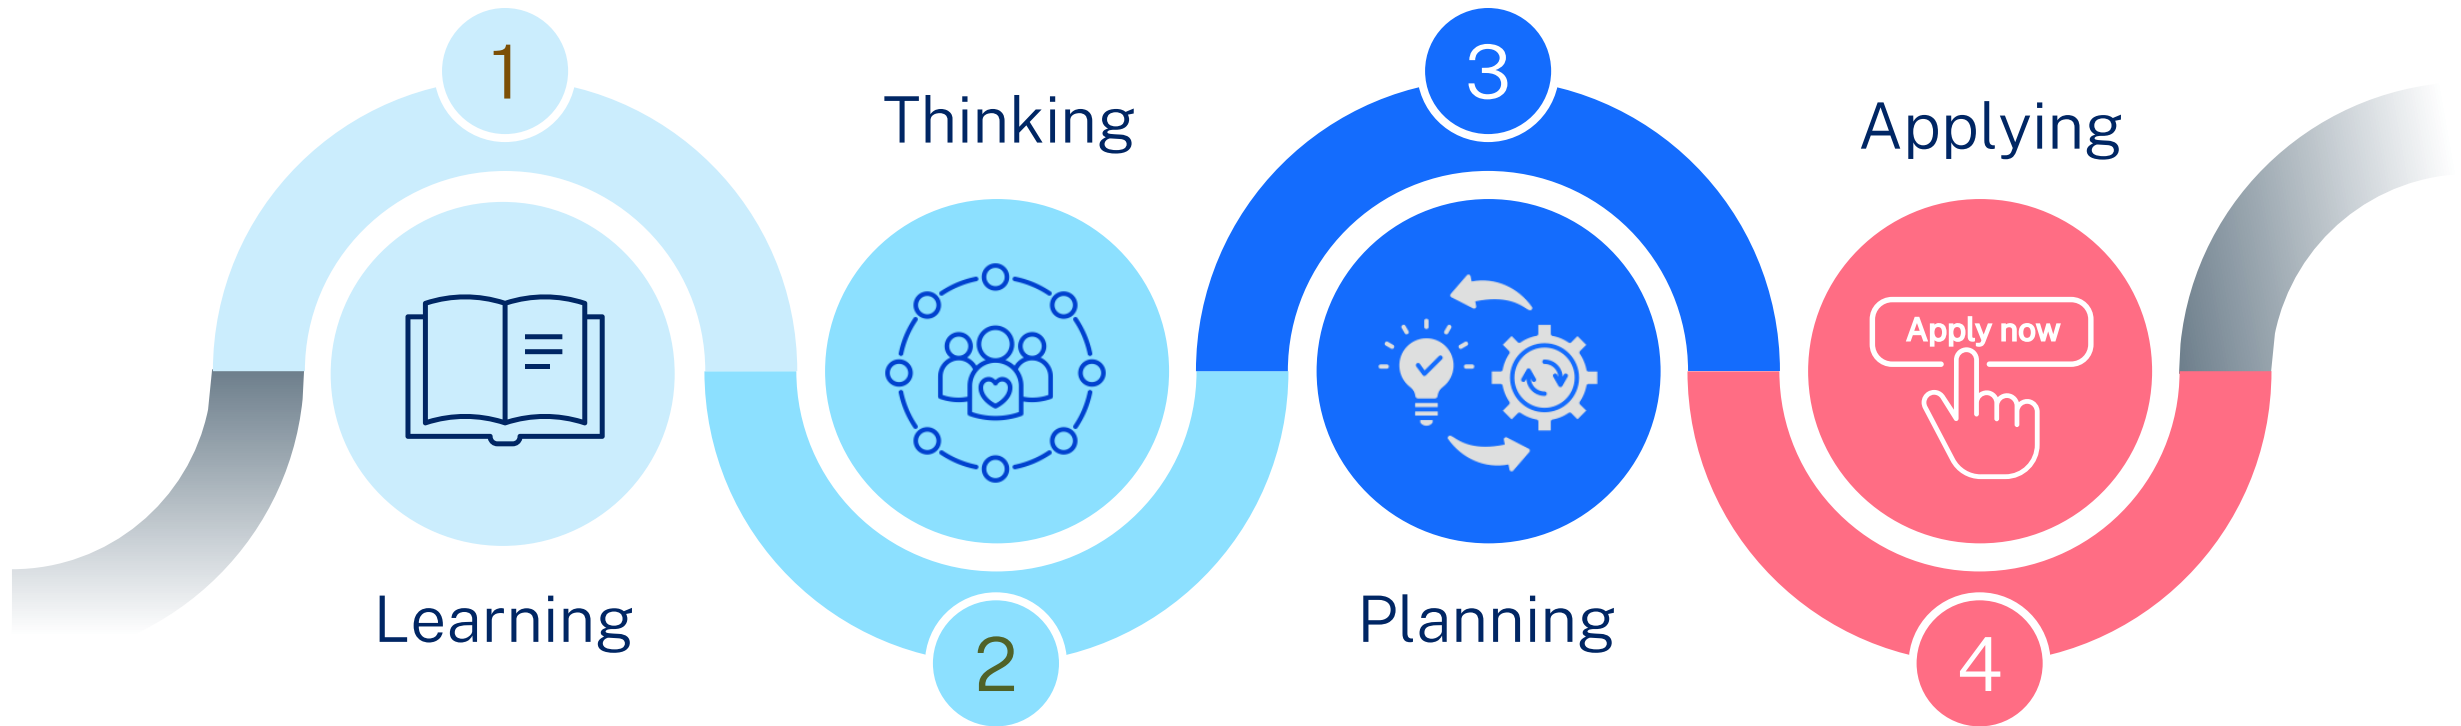

Equity

Support

# Grant writing process

# 1

## Learning

Phase 1

# Key elements

---

\$20 million over  
2 years

12-month  
funding

Test and trial

All ECEC  
service types  
eligible

Competitive and  
versatile grants  
program

# Program objectives

Increasing access

Increasing women's  
workforce participation

Increasing knowledge and capacity  
to meet local flexibility needs

Support educators delivering  
flexible models

Developing an evidence base for  
successful flexible models

# Program streams

## Stream 1A: Flexible Service Delivery

Smaller-scale operating model changes within one provider and service type.

## Stream 1B: Establish new FDC

Establishment of new Family Day Care services in outer regional, remote and very remote areas (ARIA+, 2021)

## Stream 2: Blended Service Delivery

Larger-scale innovative operating models involving partnerships between 2 service types.

# Eligibility and funding rules

## Key eligibility criteria

- Operate an approved ECEC in NSW
- NQS rating: at least 'meeting' the NQS
- Education and care to 0-6 year old children

## Clear funding rules

- Eligible and ineligible activities and examples
- Caps and rules around minor capital works elements
- Rules for funding council and/or regulatory approvals

# Learning phase outcomes check

## Program objectives

- Understand the objectives
- Start to align my ideas to the objectives

## Eligibility

- Understand all elements of eligibility
- Checked that my service / provider is eligible

## Streams

- Understand the 3 different streams
- Consider which stream my idea falls into

## Funding rules

- Understand the funding rules
- Know which types of items can and cannot be funded

# 2

## Thinking

Phase 2

# From idea to proposal

# Local need and innovation

---

## Criteria:

Provision of quantitative and/or qualitative evidence of a local need for more flexible ECEC, and a clear explanation of how the proposed activities will meet this need.

Demonstration that the initiative is innovative in testing and trialling a flexible model of delivering an ECEC service.

## Consider how you would respond to these questions

How can you show what your current families need?

What are your local industry impacts? (shift work, job or study opportunities)

Diversity of community - what does your local community look like?

What are the barriers to accessing ECEC in your community?

How is your initiative innovative in your community?

# Menti responses: Local need and innovation

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

## How can you provide evidence of local need and determine innovation?

Survey community needs	having hospital close by - lots of shift work	Talk with current families	Provide family letters Provide failed job adds
Current waitlist and feedback surveys- lots of our families have babies and no care. We are close to a shopping centre	A survey in a community facebook group	Current wait list information Survey community need Gather statistics from Council	Waitlist info

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

## How can you provide evidence of local need and determine innovation?

Feedback from community and families	industry - hospitals close by	Connection with non for profit family organisations	short fall in care
using staff across our other services	regular checkins with staff	Regular catch ups informal and formal	

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

## How can you provide evidence of local need and determine innovation?

googling what other services offer	Inquiries for care (unable to accommodate). Data from advertising campaigns.	Statistical information on family need including census data on types of families in the area an evidence of the types of service in the area	Local industry impacts
Demographic growth data	Statistical evidence on the types of new services being opened in the area		

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

## How can you provide evidence of local need and determine innovation?

Undure	Waitlists	google what other local services are providing	Surveys
Survey	Feedback to survey	checking what Round 1 are offering	Working with council

# Staff wellbeing

---

## Criteria:

Demonstration that the needs of the child, maintenance of quality care and staff wellbeing have been considered in delivery of proposed activities.

## Consider how you would respond to these questions

Are your current staff on board with your proposal?

Have your staff expressed interest in increasing or working different work hours?

Do you have the current staff required to meet ratios?

How will you track your staff wellbeing?

How will you be able to recruit more staff if needed?

# Menti responses: Staff wellbeing

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED  
 How will you show that you have considered your staff wellbeing?

Flexible working hours	Consultation process is clear and documented	Staff meetings	Heard team concerns/ feedback
staff check-ins	staff feedback staff meetings	Staff survey	focus on transitions

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED  
 How will you show that you have considered your staff wellbeing?

Staff feedback	Staff meeting minutes	Staff check in meetings	asking staff
Staff surveys	Anonymous surveys Provide wellbeing days for staff	Staff surveys and feedback	One on one meetings

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED  
 How will you show that you have considered your staff wellbeing?

Reflection responses	current or expanding wellbeing things already in place	Appraisals	Through evidence on current staffing
Appraisal/ professional development plans eg project lead	We are overstaffed so have lots of capacity to expand and try new ideas	Regular check ins	LifeApp

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED  
 How will you show that you have considered your staff wellbeing?

Meetings Surveys Check ins with individual staff	Organising wellbeing professional development	Number of staff that are studying
--	---	-----------------------------------

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED  
 How will you show that you have considered your staff wellbeing?

Staff meetings	Staff meetings and questionnaires	using professional networks to help recruit	Offer e
----------------	-----------------------------------	---	---------

# Child needs, quality of care and accessibility

## Criteria:

Demonstration that the needs of the child, maintenance of quality care and staff wellbeing have been considered in delivery of proposed activities.

The extent to which the application demonstrates that the proposed activities will be accessible to all children and families of the service's local community.

## Consider how you would respond to these questions

How will you ensure current children are not impacted negatively?

How will you provide continuity of care?

How will the children participating in the initiative transition/adapt to the initiative?

How will all children and families of your local community be able to access your initiative?

Have you considered accessibility and inclusion of Aboriginal and/or Torres Strait Islander communities?

Have you considered all other accessible needs of your community?

# Menti responses: Child needs, quality of care and accessibility

Mentimeter

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

How will you ensure that child needs and quality of care is maintained and that your proposal is accessible to all families?

Listen to children's voice	Employ more staff and ratios are kept	Continuous self assessment	New FDC services that cater for specific families needs
checking in with families on how things are going	Adequate staffing	Child and family goal tracking meetings and formats	working with local cultural groups

Mentimeter

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

How will you ensure that child needs and quality of care is maintained and that your proposal is accessible to all families?

staggered transition to new model	Contact with local land council for ATSI perspective and guidance	planning continuity with staff	Apply to half the centre
community surveys	translated promotional material	Allowing children to guide planning and desired outcomes	checking in with families (new and old)

Mentimeter

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

How will you ensure that child needs and quality of care is maintained and that your proposal is accessible to all families?

The initiative will be for children who currently don't attend ECEC and open to anyone, especially those locked out of CCS and children with additional needs	Family engagement through Association meetings	Child at centre always	Through continuing to adhere to the waitlist priority of access guidelines
Working in line with EYLF guidelines	Through the number of children that attend the new service type		

Mentimeter

THINK OF THE WAYS YOU WOULD GATHER EVIDENCE OF LOCAL NEED

How will you ensure that child needs and quality of care is maintained and that your proposal is accessible to all families?

Consultation with families/ staff/ children to understand what's important	NQS rating	we have included questions within our survey to capture some of these.the children have been able to have discussions and draw up some ideas	Focus on transitions - plans etc
translating promotional material	Clear planning for change and bringing all along	Advertising	

# Sustainability and evaluation

---

## Criteria:

Clear explanation as to how services intend to sustain or cease their program activities beyond the funded period, with consideration to participating children and families.

Clear explanation of how services will evaluate or determine the success of their trial program.

## Consider how you would respond to these questions

How will your initiative be sustainable post funding period?

How will your initiative still be sustainable to families post funding period?

How will you evaluate your initiative?

How will you assist children and families if your initiative is unsustainable?

# Menti responses: Sustainability and evaluation

How will you evaluate your initiative and determine sustainability? Have you considered an exit strategy to minimise impact to children and families?

Mentimeter

Family uptake	Discuss with families	keeping track of how many children are accessing	Increase in utilisation
Getting the families that need to return to work participating in the program	asking new families if they are interested	Feedback from staff	Shift in demographics of access

How will you evaluate your initiative and determine sustainability? Have you considered an exit strategy to minimise impact to children and families?

Mentimeter

Completing checklists on milestones met by children	Quarterly surveys	No of new services, utilisation	We already offer the initiative one day a week for a short period. The funding will be to expand to 5 days. If not sustainable, we go back to one days
Need for care viability	telling families early if the program cannot be sustained	Promote as trial, so families know it may not continue if not utilised/needed ongoing	

How will you evaluate your initiative and determine sustainability? Have you considered an exit strategy to minimise impact to children and families?

Mentimeter

keeping track of how many are accessing the change	survey quarterly	ask enrolling families is they would like this for next year	Keeping initiate SMART so progress can be measured
asking staff if they want it to continue	telling families early if it will continue	Identify any issues or barriers early and have a plan to redefine approaches	

How will you evaluate your initiative and determine sustainability? Have you considered an exit strategy to minimise impact to children and families?

Mentimeter

communicating with families	Gather feedback from stakeholders	usage rates to see if we should continue	Plan to measure success
Determining need before implementing an initiative.	seekingn other funding	usage rates and wait listplanning to aim for achieve sustainability	

# Linking your proposal with assessment criteria

Program objectives

Local need

Innovation

Child wellbeing and staff needs

Accessibility and inclusion

Sustainability

Value for money

Evaluation

# Thinking phase outcomes check

Align proposal to program objectives

- I understand the 5 key program objectives
- I know how to consider which objectives my proposal aligns with

Respond to assessment criteria

- I understand the 8 assessment criteria
- I know how to think about ways my proposal will respond to each criteria

Turn an idea into a proposal

- I understand how to develop an idea into a planned proposal

# 3

## Planning

Phase 3

# Breakout room

## Budget Brainstorming activity

### Step 1

- Brainstorm potential costs of FIT proposals
- Think big, don't worry about funding rules

### Step 2

- Review identified items against what can and cannot be funded

# Activity responses: Brainstorming all costs

# Activity responses: Reviewing costs

## Cannot be funded under FIT

What can be funded – All Streams	What cannot be funded – All Streams
<p><b>Staffing and recruitment costs:</b></p> <ul style="list-style-type: none"> <li>Staffing and recruitment costs for activities directly related to the proposed initiative (educator and/or administrative and program-related; new or existing staff).</li> <li>Staff learning and development costs directly related to the proposed initiative (for example, to train staff in the use of digital software to manage enrolments or rostering).</li> </ul> <p><b>Operating expenses:</b></p> <ul style="list-style-type: none"> <li>Operating expenses directly related to the proposed initiative (for example, additional rent for opening longer hours or increased utility costs if required).</li> <li>Software costs required to support the proposed initiative (for example subscription or upgrade costs)</li> </ul> <p><b>Resources and equipment</b></p> <ul style="list-style-type: none"> <li>Resources or equipment required for the proposed initiative, where these items are not currently available at the service (for example purchasing additional educational materials, arts/crafts, furniture or fittings required)</li> <li>purchase of tablets or computers to support the proposed initiative where these items are not currently available at the service.</li> </ul> <p><b>Regulatory authority or local council fees:</b></p> <ul style="list-style-type: none"> <li>Fees payable to the <a href="#">regulatory authority or local council</a> directly related to the proposed initiative</li> </ul> <p><b>Transportation costs:</b></p> <ul style="list-style-type: none"> <li>Transportation costs (driver, additional educator for supervision, as well as vehicle hire and fuel costs) related to the proposed initiative.</li> </ul>	<p><b>Staffing and recruitment costs:</b></p> <ul style="list-style-type: none"> <li>Recruitment and staffing costs not directly related to the proposed initiative (that is, costs relating to core service delivery).</li> <li>Staff learning and developments costs not related to the proposed initiative (for example, trauma awareness, stress management counselling)</li> <li>Costs related to allied health professionals</li> </ul> <p><b>Operating expenses:</b></p> <ul style="list-style-type: none"> <li>Routine day-to-day operating expenses, such as maintenance, insurances, utility bills and consumable supplies not directly related to the proposed initiative.</li> <li>Other one-off costs (for example, research proposals)</li> </ul> <p><b>Resources and equipment</b></p> <ul style="list-style-type: none"> <li>Resources, equipment not directly related to the proposed initiative.</li> <li>Resources, equipment that are currently available at the service will not be funded for an upgrade.</li> </ul> <p><b>Regulatory authority or local council fees:</b></p> <ul style="list-style-type: none"> <li>Any regulatory and/or local council fees that have already been paid or are in process prior to the funding agreement being executed</li> </ul> <p><b>Transportation costs:</b></p> <ul style="list-style-type: none"> <li>Any costs associated with purchase of a vehicle for transportation.</li> </ul>

What can be funded – Minor capital works (1a & 2)	What cannot be funded – Minor capital works (1a & 2)
<p><b>Minor Capital Works:</b></p> <ul style="list-style-type: none"> <li>Minor capital works, that are directly linked to the proposed initiative, limited to essential infrastructure, and facility improvements aimed at: <ul style="list-style-type: none"> <li>ensuring compliance with any changes required for regulatory and/or council approvals.</li> <li>ensuring a safe and conducive learning environment for children accessing the proposed initiative.</li> </ul> </li> <li>Minor capital works, that are directly linked to the proposed initiative, may be considered up to a maximum of \$100,000 for all eligible service types, excluding an existing family day care service.</li> <li>Minor capital works, that are directly linked to the proposed initiative, may be considered up to a maximum of \$20,000 for an existing family day care service.</li> </ul>	<p><b>Capital Works:</b></p> <ul style="list-style-type: none"> <li>Major capital works cannot be funded.</li> <li>Minor capital works that are not directly linked to the proposed initiative.</li> <li>Minor capital work costs over \$100,000 for all eligible service types, excluding existing family day care services.</li> <li>Minor capital work costs over \$20,000 for existing family day care services</li> <li>Minor capital works associated with the major construction or extensive renovations that substantially change the structure cannot be funded.</li> <li>Minor capital works that cannot be reasonably expected to be completed within the funding period</li> <li>Minor capital works also associated with the following cannot be funded: <ul style="list-style-type: none"> <li>landscaping projects un-related to safety</li> <li>non-essential decorative enhancements and aesthetic improvements</li> <li>expenses related to the purchase of land or property</li> <li>items with high risk, such as trampolines.</li> </ul> </li> </ul>

# Value for money

---

Achieving value for money is important to ensure the benefits of grants are maximised for the people of NSW.

- competitive grant process
- costs to families
  - intended fees for the proposed initiative represents value for money for families
- allowances for greater costs in rural and remote areas
- No minimum or maximum amounts (exception for minor capital works)
- ask for what you need, provide rationale
- aim for reasonable costs (don't under or over inflate)

# Funding stages

## Design and approvals

- Architecture fee
- DA approvals
- Safe transport research

## Initial costs

- Hardware (laptop)
- Security upgrades
- Play equipment for new cohort

## Implementation

- Staff wages
- Resources
- Additional utilities

## Post trial costs

- Survey software subscription
- Director backfill, evaluation, acquittal
- Sustainability (access CCS)

# Milestones and timelines

**Milestone:** "A milestone is a key event in your proposed initiative that must be met before you can move to the following stage in your timeline."

Proposal  
dependent

Stream  
dependent

# Recognising milestones

---

Regulatory approval    Recruiting staff    Training staff  
Notifying ECEC RA    New software subscription  
Feedback from families    Partner service meetings    Starting minor renovations  
Buying resources    Enrolling children    Staff wellbeing check-in  
New rostering system  
Re-arranging indoor space    Bus hired and route planned  
Curriculum updates for new cohorts    Operating hours updated    Planning for sustainability  
Inclusion planning    New session times created  
Refurbishment completed    Backfill for Director    Translated promotional material  
Continuity mapped    Evaluation commences

---

## Plotting your timeline

How do you plan to deliver your proposal?

What milestones will you need to meet along the way?

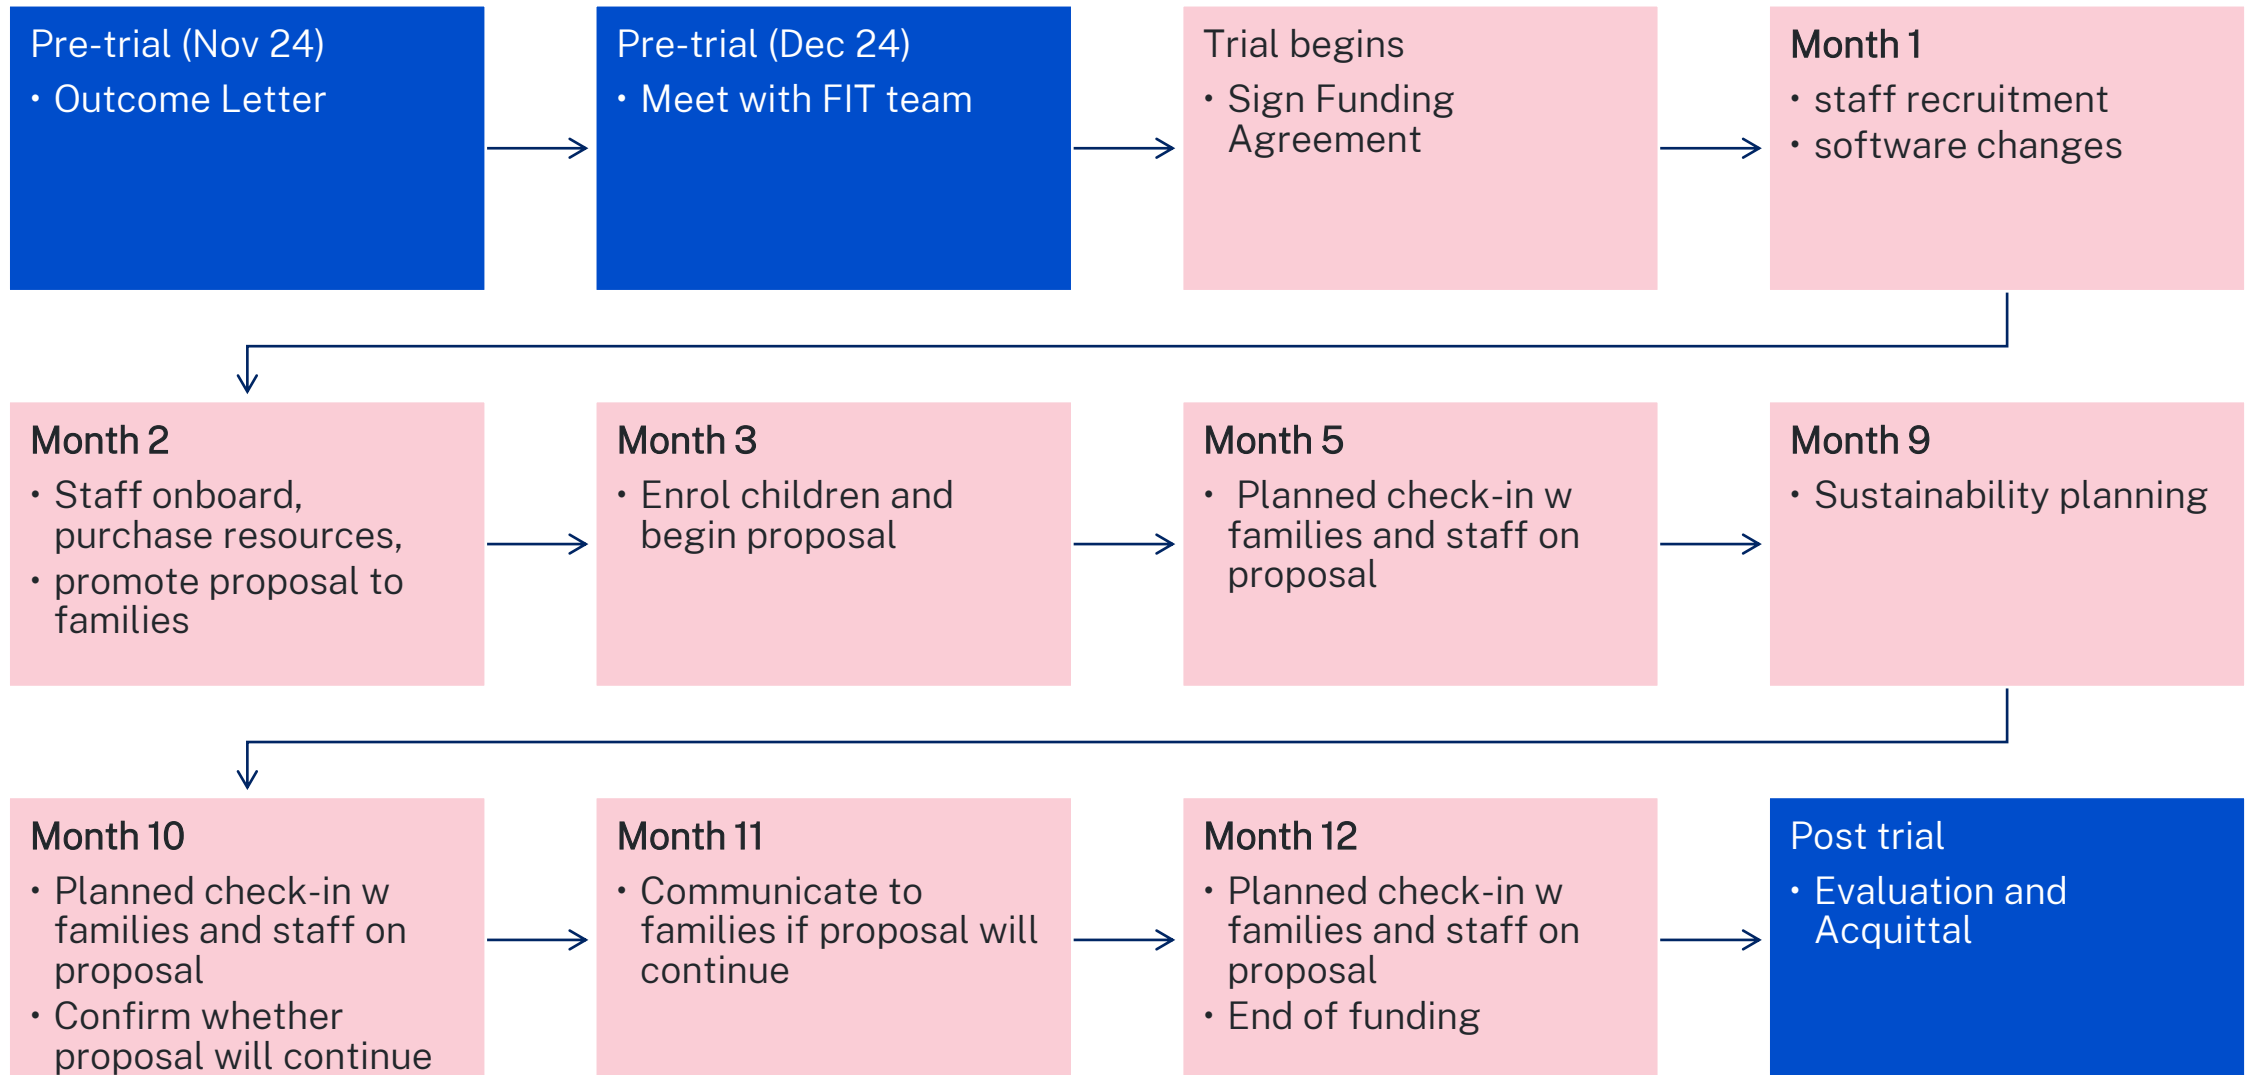

When do you plan to meet those milestones?

Can your proposal be implemented within the 12-month timeframe?

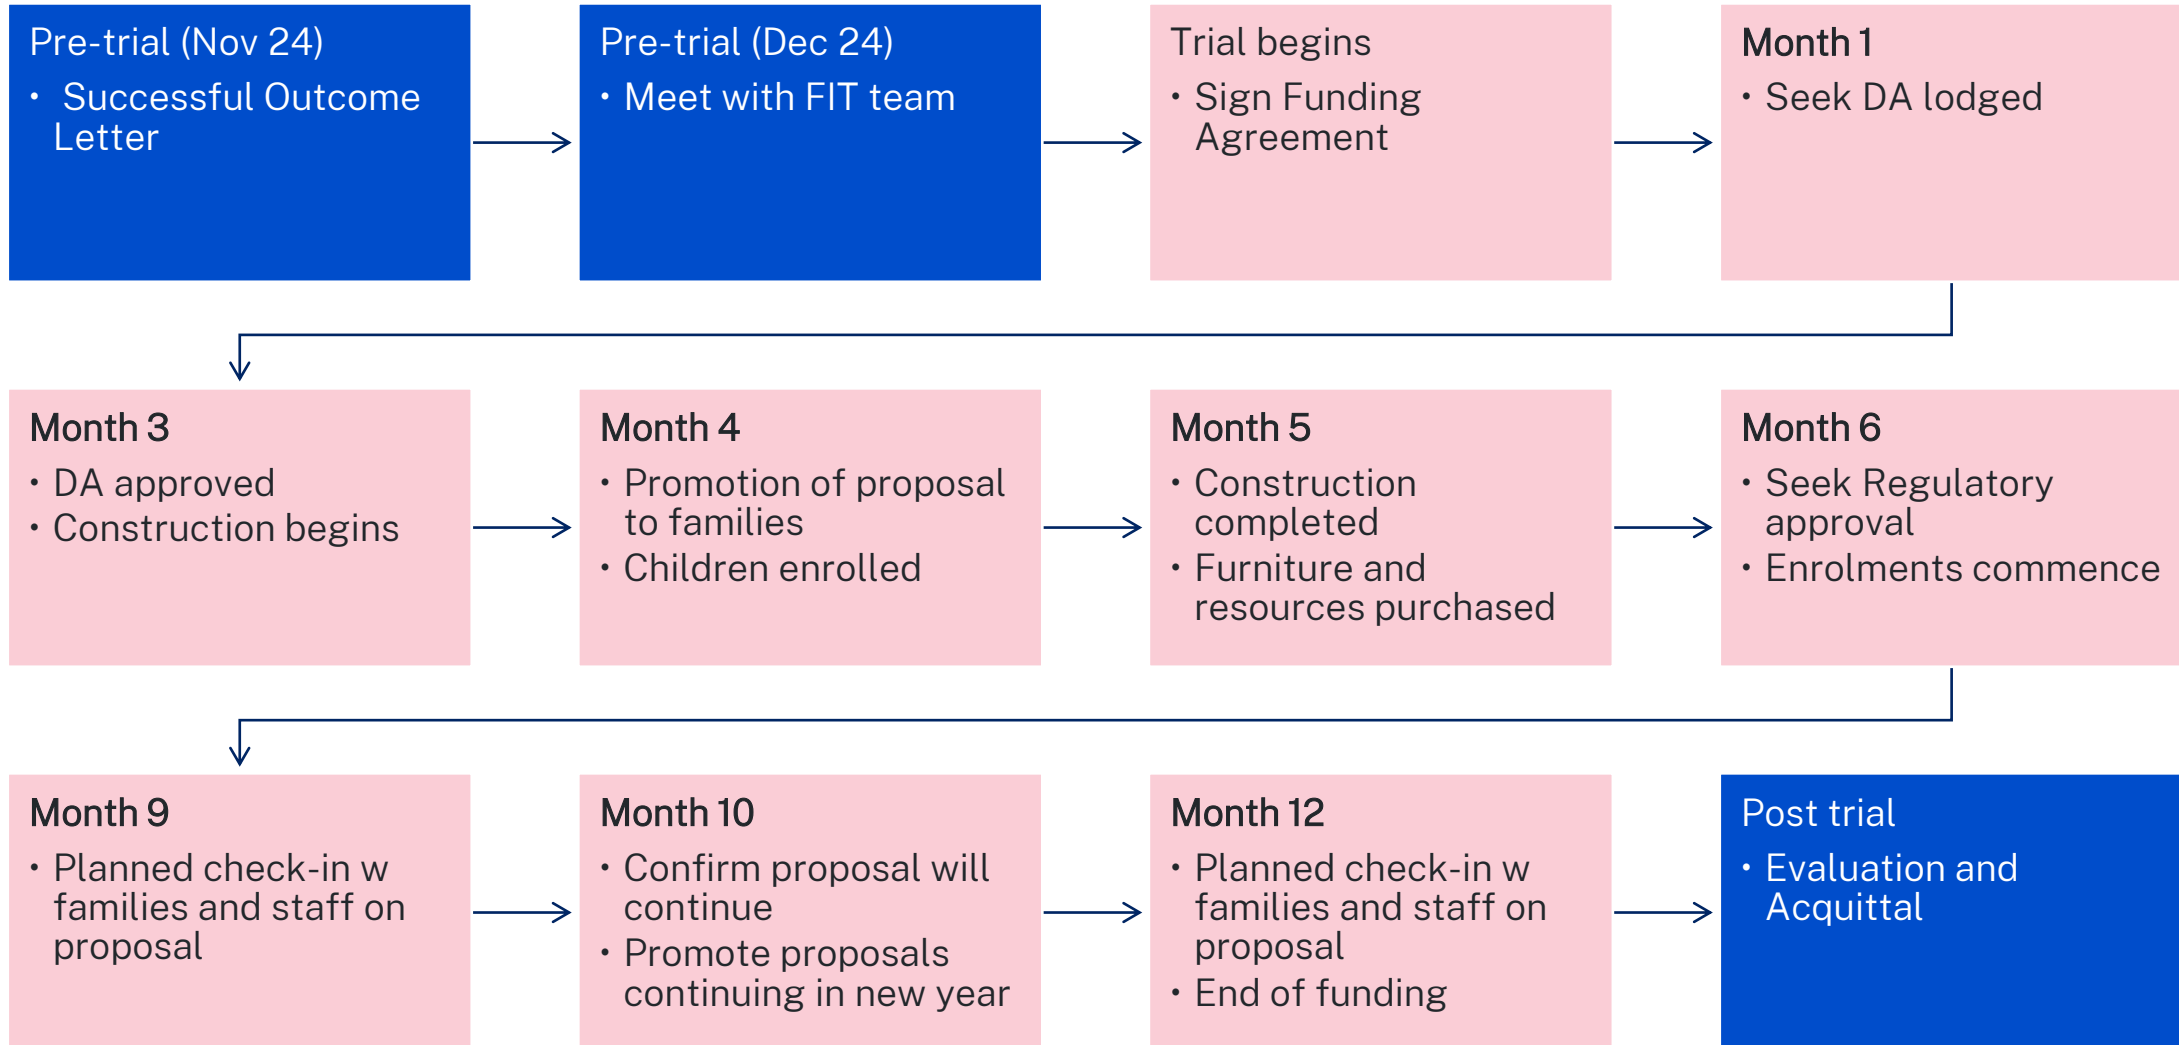

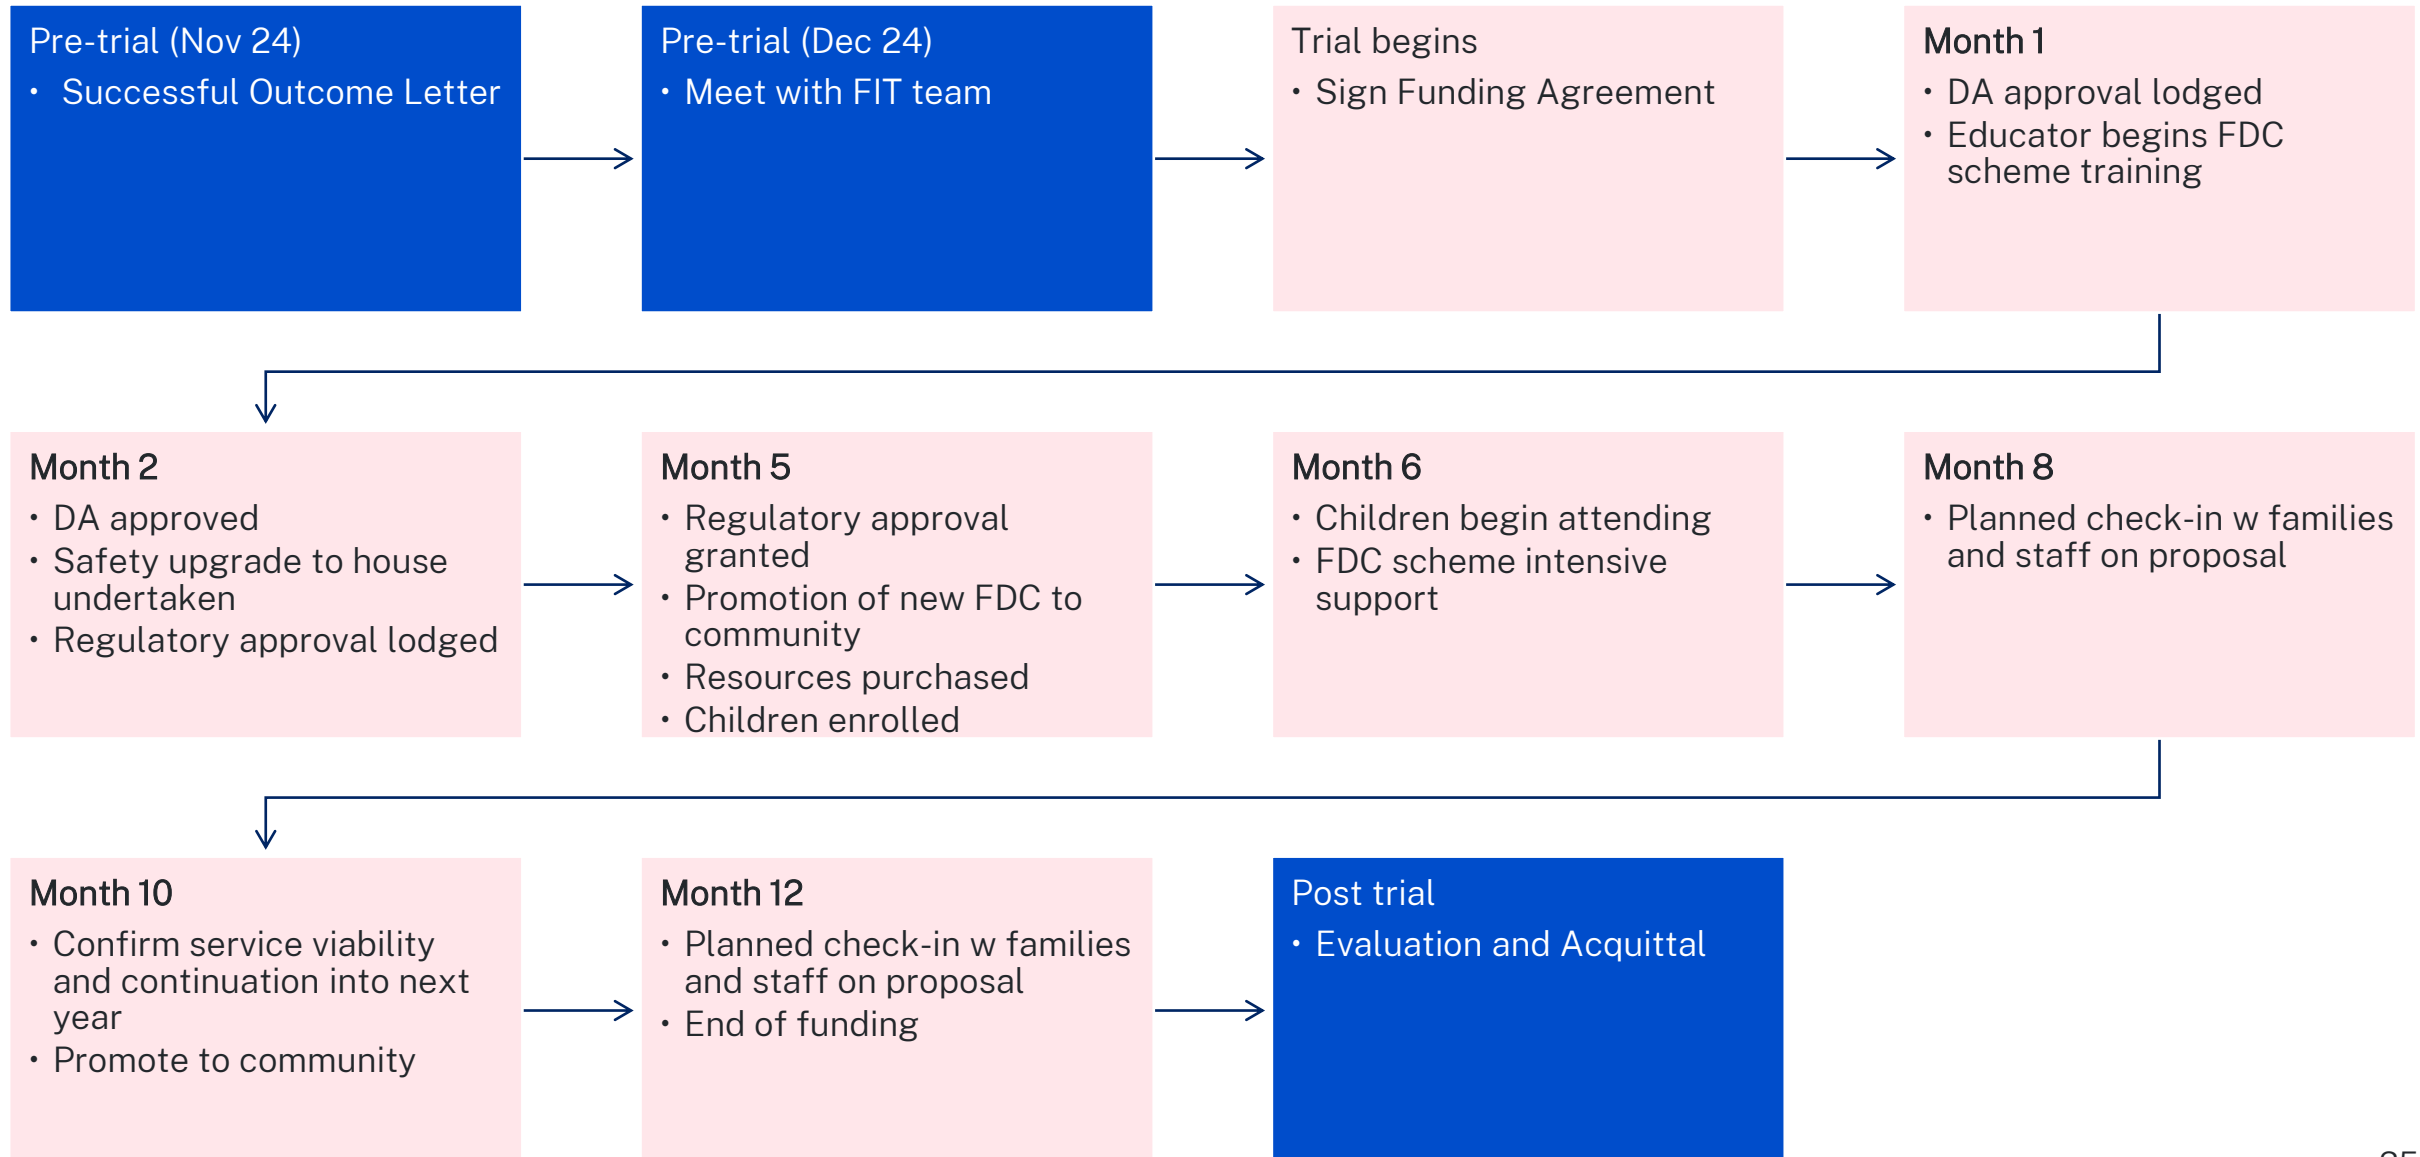

# Stream 1A: Operating model change

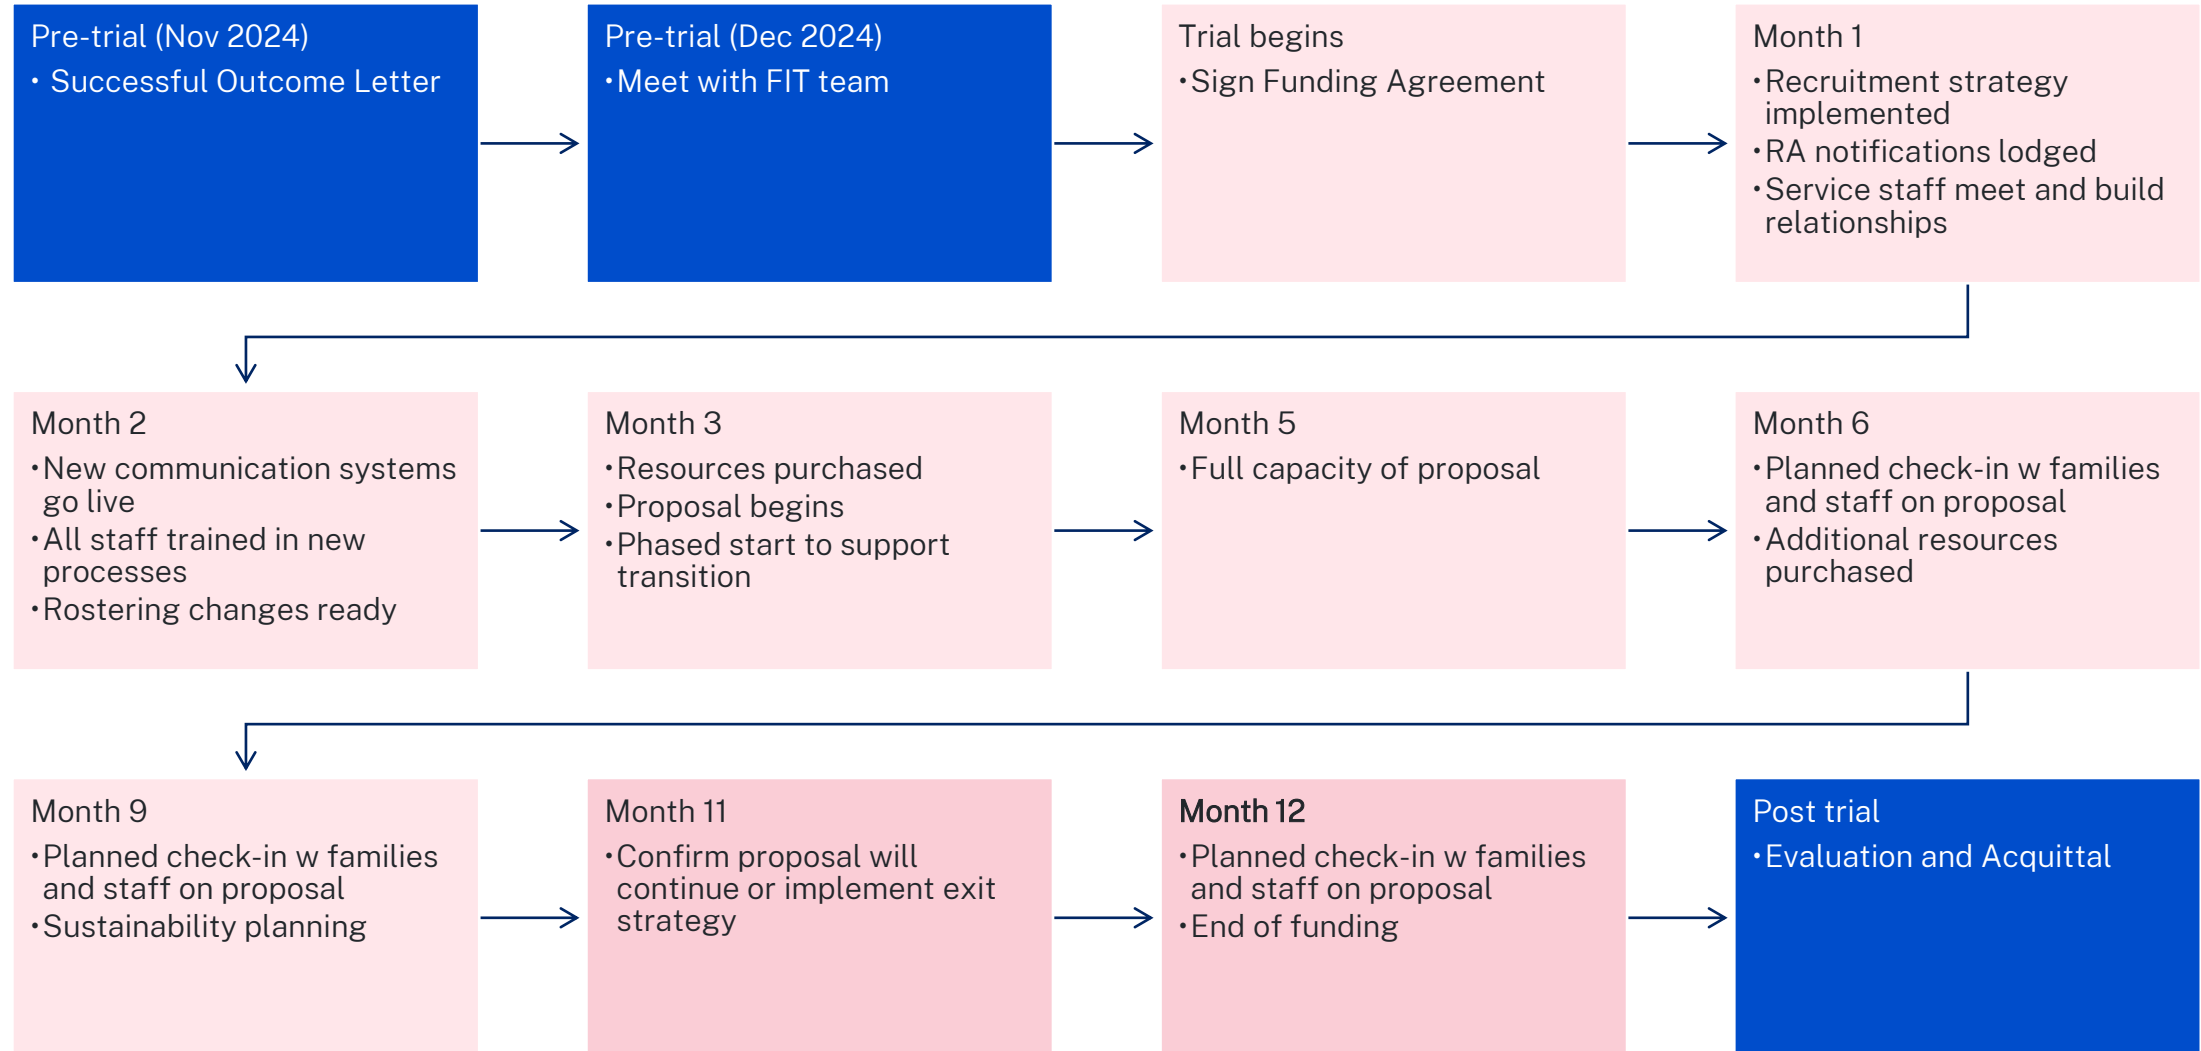

# Stream 1A: Minor capital works

# Stream 1B: Establish new FDC

# Stream 2: Partnership model

# Planning phase outcomes check

## Budget

- I can identify all possible costs
- I know how to check what can and cannot be funded

## Value for money

- I have considered reasonable costs
- I will be able to provide rationale for all my funding requests

## Timeframes

- I can outline the key milestones of my proposal
- I understand how to plan a timeline to deliver my proposal

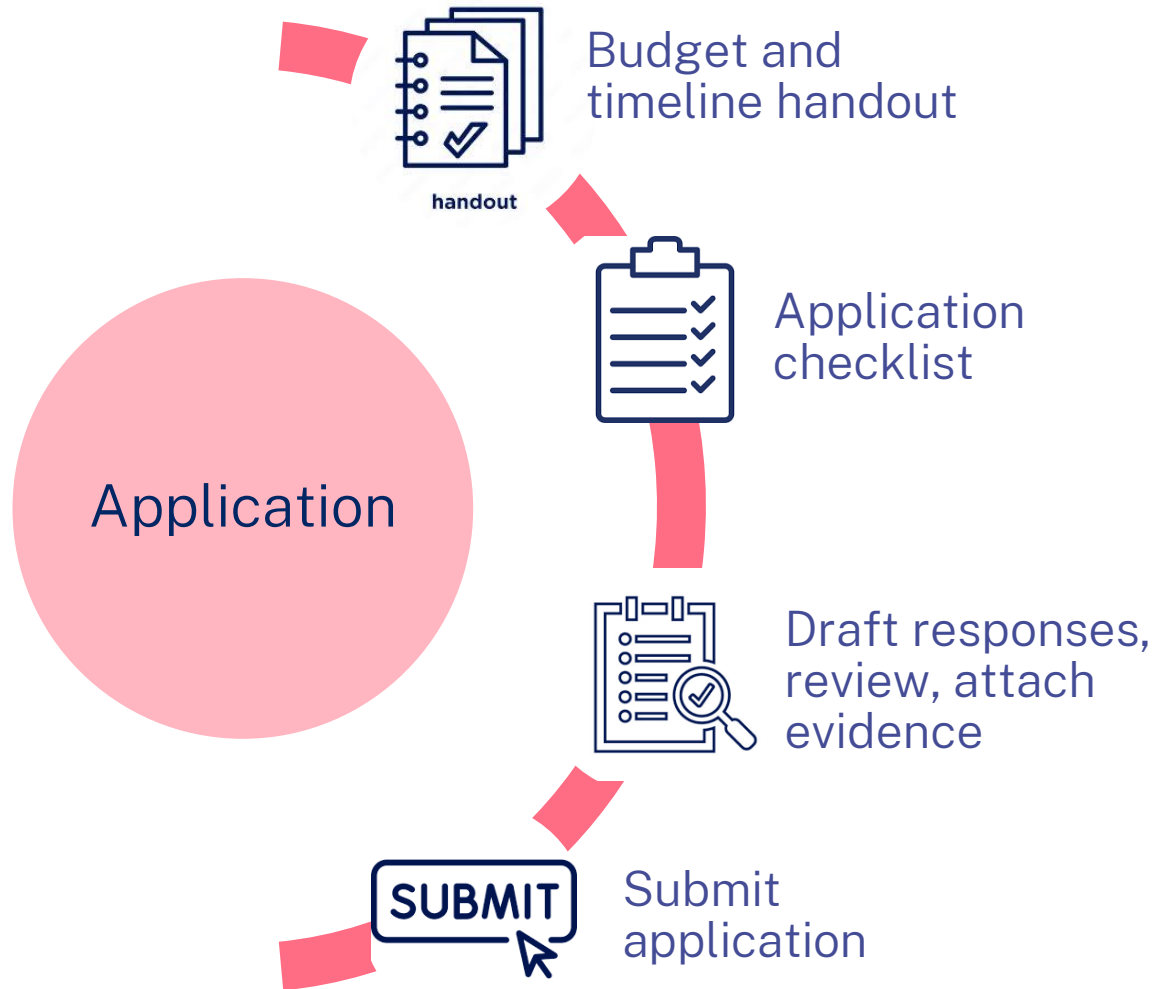

# 4

## Applying

Phase 4

# Preparing your application

Include everything you want assessed

Don't assume prior knowledge

Be clear and concise

Use the word count as guidance on level of detail expected

If you are unsure, just ask!

# Key dates and support

**Applications close:**  
7pm, Tuesday 2 July 2024

**Notification of outcomes:**  
30 November 2024

**Grant delivery:**  
From January 2025 (12 months)

# Applying phase outcomes check

## Application process

- I understand the application process
- I know how to access resources to support me to complete my application

## Key dates

- I have planned to submit my application well before the due date
- I understand the Round 2 trial dates

## Seeking support

- I know who to reach out to for additional support
