Activity 2: Find out about yourself

It's time to visit LifeLauncher: www.lifelauncher.nsw.gov.au

Open up LifeLauncher and select the option "I'm not sure..."

Complete the three personality quizzes. Try to answer yes or no to as many as possible, as that will help identify some possible careers for you.

What do your quiz results say about you?

I'm a _____

That result may have been a surprise, or it might have you exactly. Do you agree? Why or why not?

Ask a friend or a family member what they think about that result. Do they agree?

Now do the subject quiz. If you haven't done those exact subjects, see if you can answer on what you think you might like about them, or use your experience with similar subjects you might have already done. Doing this quiz will help make better career suggestions for you.

Now set up an account. If you don't you won't be able to save your quiz or search results.

You'll need to come back to your saved results later.
