

FASTstream placement

Rural and remote schools

Participants in the FASTstream program have committed to a minimum of one school placement in a regional or rural setting. Each public school in NSW has been classified using the Australian Statistical Geography Standard (ASGS) as being located in one of 5 categories:

**Major cities of Australia | Inner regional Australia | Outer regional Australia
Remote Australia | Very remote Australia.**

For the purposes of FASTstream, a regional or rural placement will be a school that is not classified as being in major cities of Australia.

Following is a list of schools that meet requirements for regional and rural placement in FASTstream. You can also use the [school finder](#) to explore online. You can also view schools in order of [staffing area](#)

Key ■ School performance directorate
■ Principal network ■ School name
