Behaviour

We want to ensure a safe and happy school for your child. Supporting student behaviour is critical for promoting, engaging and lifting student performance and wellbeing. Schools aim to provide inclusive learning environments that are collaborative, supportive and cohesive. The [School Community Charter](#) outlines what this looks like for parents, carers, educators and school staff.

Student Behaviour Strategy

Our [Student Behaviour Strategy](#) helps build an inclusive education system where every student is known, valued and cared for, and all students can learn to their fullest ability. We know that students who feel supported and safe are more likely to be more connected to school and active participants in their learning.

Positive and respectful learning environments promote wellbeing, engagement and improved academic achievement. The Strategy supports a preventative, positive, student-centred, school-family-community approach in which consistency is key. The needs of all students will be met by a [Care Continuum](#).

Behaviour Code for Students

The [Behaviour Code for Students](#) outlines the behaviour expected in all NSW public schools. Your child's school will also develop behavioural expectations that will be expected in their school. The staff at your child's school will teach and acknowledge the expected behaviour.

Behaviours of concern

Children and young adults can display difficult behaviour at times as a normal part of growing up. Your child may have been affected by the behaviour of others or affect others by their behaviour. More information on [what to do if your child has told you about behaviour issues at school](#) is available on the website.
