

**School Based
Traineeship**

Rail Infrastructure Certificate II

Certificate II level trainees are generally engaged in basic operation within the rail infrastructure environment undertaking a range of tasks involving known routines and procedures, and taking some responsibility for the quality of work outcomes.

How will you be assessed?

- Both on the job and off the job through written tests, project work and practical exercises.

Outcome on completion of your HSC

- Certificate II in Rail Infrastructure TLI27120 in TLI Training Package.
- Pathway towards a Certificate III in Rail Infrastructure TLI27320.

Course delivery

- Both on the job and off the job and can be delivered face-to-face, flexibly or mixed mode.
- The SBT term is calculated in months from the date of commencement to 31 December of the HSC year.

Commitment required

- Undertake a minimum of 100 days in paid employment and training.
- Undertake Certificate II in Rail Infrastructure as part of your HSC.
- The employment and training can be undertaken during school time, after school and during school holidays.

Course	ATAR eligibility	HSC unit credit
Rail Infrastructure	No	Minimum of 4 units over two years towards your HSC for the formal training component (VET course).
Industry-based Learning course (optional)	No	This optional course recognises the significant work component involved in the school based apprenticeship. The course offers an additional 4 units credit towards your HSC. This HSC VET course does not contribute towards the calculation of the ATAR.
