

# Duty of care checklist

---

## For principals / EVET provider managers for all placements involving accommodation away from home

The non-delegable duty of care owed by the department to its students continues while a student is undertaking a workplace learning placement. A non-delegable duty is described as a stringent and 'personal' duty. It is more than a duty to take care; it is a duty to ensure that reasonable care is taken.

The duty of a School/EVET provider to care for students extends beyond the work day of a placement where accommodation is away from home. Schools, EVET provider along with the school must take reasonable care to keep all students undertaking placements away from home, free from harm as well as minimise the risk so far as is reasonably practicable. This duty cannot be delegated by the school or EVET provider to parents, carers, host employers or their workers, external organisations (such as work placement service providers), or accommodation providers.
