Pitch names – treble clef

Pitch names – treble clef

Write the treble clef pitch names under the following notes. The top line can be used for reference.

The image shows four staves of music in treble clef. The first staff contains a sequence of notes with pitch names written below them: C, D, E, F, G, A, B, C, D, E, F, G, A. The second staff contains a sequence of notes without names. The third and fourth staves also contain sequences of notes without names for identification.

Draw the following treble clef pitches as semibreves.

A single treble clef staff with ten blank lines. Below the staff, the following pitch names are listed: high D, B, low D, low F, high G, middle C, low E, high F, high C, high A, low A.

Draw the following treble clef pitches as crotchets. Notes below B have a stem that goes *up* on the *right*. Notes above B have a stem that goes *down* on the *left*. The stem for B can go up or down.

A single treble clef staff with ten blank lines. Below the staff, the following pitch names are listed: low D, low E, B, high F, middle C, low G, high A, high C, low F, high E, high F.

Draw the notes of the C Major scale ascending (going up) as minims.

A single treble clef staff with five blank lines for drawing the notes of the C Major scale ascending as minims.
