

# TES Resources

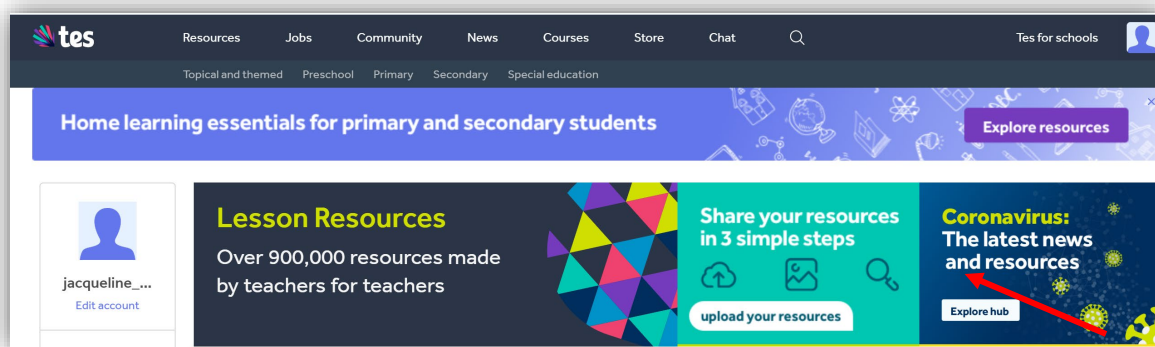

Disclaimer: [ASEPA](#) (Australian Special Education Principals Association) have joined together with UK-based [nasen](#) ([National Association for Special Educational Needs](#)) to work in partnership to crowd-source free resources that may be useful in supporting children with complex and/or additional learning needs.

## Who is this resource for?

- This sites now provides downloadable material and lessons for use at home by parents.
- Recently added a section for Coronavirus Learn From Home Resources Kindergarten to year 4

## Setting up

1. Access [TES Resources](#) here or via the following link.  
<https://www.tes.com/en-au/teaching-resources>
2. There is a link to signing in via Google account, Facebook or email.

Parents should use the Coronavirus news and resource hub to access free material.

3. Scroll down the page past latest news to Free Resources and select Home Learning.

## Free resources

To support you, your students and your children in this unprecedented time, we have decided that all content with the keyword 'coronavirus' should be free. The content in the links below will help

RESOURCES

### Coronavirus

Find free resources that have been uploaded specifically in response to the coronavirus outbreak. Use the filters on the left to narrow your search by age and subject, and use keywords such as *'home learning'* or *'English worksheets'* to find exactly what you need

RESOURCES

### Home learning

To support teachers, parents and guardians with remote and home learning, we've gathered a collection of teacher-created learning resources designed to engage primary and secondary students and help them learn outside of their usual classroom environment

RESOURCES

### Tes elements

To support teachers, parents and guardians with remote and home learning, we have drawn together a free collection of our subscription resources including interactive games, informational booklets and activity sheets to use with children in EYFS, KS1 and KS2

## How can my child use this resource?

As parents of students who may have additional learning and support needs or disabilities, you may need some help to make all of this technology work for your child. Below is a link to some 'How to Videos' to support parents with making it easier to work online.

The screen shot shows what you will see when you click on the link.

# Tips for parents and carers

There are a variety of Free Home Learning Packs and Activities for Home users for Kindergarten to Year 4 students.

The Home Learning packs usually contain a letter to the parents, the learning pack for the student, the learning pack answer grid and guidance materials and finally some practical learning activities ideas.

There are also a large number of activity sheets that can be downloaded.
