

VALID Braille Materials

Alternate materials will be supplied for students who usually use Braille Notetakers or screen reading applications such as Jaws or NVDA (or similar) software in their science lessons and assessments. (Note that support for students with other visual support needs is available within internet applications.)

Please complete the following form and **email to valid.program@det.nsw.edu.au** no later than **31 July 2023 (VALID 6 and 10) or 15 September 2023 (VALID 8)**. We will contact the vision support teacher specified with details of when the materials will be delivered prior to the VALID tests.

VALID Science: Request for alternate materials for Braille users

School's name _____
