IN POST PL SURVEYS PARTICIPANTS TOLD US –

- The literacy and numeracy progressions will help me to: understand my students' literacy and numeracy needs.
- The literacy and numeracy progressions will help me to: target my teaching to students' literacy and numeracy needs.
- Using PLAN2 will support me to: understand my students' literacy and numeracy needs.
- Using PLAN2 will support me to: target my teaching to students' literacy and numeracy needs.

WHAT PARTICIPANTS SAID AFTER COMPLETING PL –

“ I was very apprehensive about the progressions and now feel like I have an understanding of them and can lead my school in gaining an understanding. ”

“ It was reassuring to know that it's perfectly ok to implement Learning Progressions and PLAN2 in a way that suits your own school. ”

“ Exploring PLAN2 made the progressions a useful tool for teaching and planning. ”

“ I have come back to my school inspired and motivated, feeling valued by the system and clearly knowing my role in it. I have made at least five changes to how I operate within the first week back. Thanks for sharing so many quality sessions with us. ”

2019 TERMS 1–2

REVISED BEST START KINDERGARTEN ASSESSMENT

to be implemented in Term 1. Updates underpin current research and allow teachers to enter student responses online.
